Public Participation

Members of the public were invited to make representations to the Council on any matters relating to the work of the Council or to raise any issues of concern, the following matters were raised.

- Clarification was provided re SuSAC recommendation SuS20, this document was compiled in collaboration with seven different people. (Gideon King, Mike Cummings, Bernard Ede, Chris Maude, Neil Morisetti, Lucy Young, Richard Thomas). Housing figures are not correct as they do not address local need. There needs to be local distinctiveness.
- Nature Friendly Town Framework, revised version after feedback received from Dorset Wildlife Trust
- Grounds Survey for Mampitts, queried if this includes an ecology survey, as land is vital for the proposed Green Wheel
- Query if there will be development on the proposed link road to fulfil the requirement? DC Cllr Shane Bartlett encouraged all in attendance to provide feedback on the consultation. It should be noted that not all of the site locations will be included in the Local Plan.
- Shaftesbury grouped with Gillingham and Sherborne and is being described as a larger town that has capacity to grow. The resident disputed this as topographically Shaftesbury cannot grow, neither has it a railway station.
- Shaftesbury Neighbourhood Plan (SNP) did not discuss what could be built on the Eastern Site.
- Market Town Planning process, should there be a V4 of the SNP or a Market Town strategy?
- Will there be any further face to face consultations. It was confirmed that the next in person consultation is on 25th September in Gillingham.
- Link Road is very important
- Still no closer to have a Melbury Abbas bypass

It was **RESOLVED** to extend the public session by 10 minutes.

- Full detail landscape scheme for green area and space to the east. Has this been costed and is this included in current costings?
- Conducted further public consultation in relation to changed scheme emanated from the public.
